2021-2022 Student Learning Accountability Report II

1. Source Documents

The board's role as outlined in Policy 2: Annually review the effectiveness of the School Division in achievement of student learning.

The director's role description as outlined in Policy 12:

- 1. (Education Leadership 2.2.1) Provides leadership in all matters relating to learning in the Division.
- 2. (Education Leadership 2.2.2) Ensures students in the Division have the opportunity to meet standards of learning set by the Minister
- 3. (Personnel Management 4.4.3) Ensures processes and structures are in place to supervise and support the improvement of the performance of all staff.

2. Evidence

Background – School LIPs related to Wellness

As per the Board Strategic Plan focus on Student Outcomes including the strategies of:

- x Learning Improvement Planning (LIP)
- x Comprehensive Learning Framework
- x Implementation of the OurSCHOOL survey
- x Shared understandings with schools

In previous years, schools had the option of including a Student Well-Being goal in their annual LIP. Previous years saw goals related to increasing sense of belonging at school, having positive relationships with adults, increasing self-regulation skills, increasing feelings of safety at school, and increasing growth mindset habits to name a few.

This year, all schools in Prairie South had a student wellness goal related to connecting and reconnecting. As we have learned for professionals in the trauma response field, humans are hardwired to connect and before we can focus on learning, we need to focus on connection (Kevin Cameron). Our connection to others is one of the most important factors when it comes to our mental health wellness. "(Students) who have a connection to a caring adult, and feel genuinely understood, have higher self-esteem and higher success rates in school and life."

Data collected from the OurSCHOOL survey administered each spring is used to provide a basis for student wellness goals and to set the target for the coming school year. All students in Prairie South from grades 4-12 participate in the survey.

Related OurSCHOOL survey results follow from the spring of 2022:

Positive Sense of Belonging

2018/2019 - 73.7% 2020/2021 - 69.7% 2021/2022 - 68%

2018/2019 - 65.2% 2020/2021 - 61.2% 2021/2022 - 61.3%

Positive Teacher Student Relationships

2018/2019 - 83% 2020/2021 - 83% 2021/2022 - 81.7%

2018/2019 - 75.8% 2020/2021 - 74.7% 2021/2022 - 73.2%

2018/2019 - 26.3% 2020/2021 - 29.7% 2021/2022 - 30.7%

Vaping Habits

Two custom questions were added in to the OurSCHOOL survey to find out more about students' vaping habits. The question asked students from grades 7-12 in all schools:

In the last 30 days how many times have you used a vape?

- a. Zero
- b. 1 or 2 times
- c. 5 to 10 times
- d. 10 to 20 times
- e. More than 20 times

Results indicate that approx. 5% of the students that responded to the survey have used a vape at least once in the last 30 days. This is a 1% decrease from the spring 2021 survey.

2079 students participated in the OurSCHOOL survey indicating about 374 students engaged in vaping.

Topic:	Remove Restrictions in Surplus for Prekindergarten and Innovation			
Intent:	🛛 Decision	Discussion	🗌 Info	rmation

During budget discussions it was recognized that we have operationalized the funding of the prekindergarten programs not funded by the Ministry. It is no longer necessary to restrict funds for that purpose as costs are paid from operational funds. It was also agreed that we would unrestrict funds that were
restricted for innovation that were not already committed to a project. Currently, the Ministry of Education funds 8 prekindergarten programs at the following schools: Empire School, Moose Jaw

	are funding them from operational funds. Unrestricting the uncommitted innovation money will free \$107,066 for other priorities. An amount of \$52,882 will remain restricted for projects that are not complete.
Governance/Policy Implications:	
Legal Implications:	Prekindergarten programming is outside of the mandate of the provincial K-12 system, with the exception of programs that have been identified and funded by the Ministry of Education.
