

## Administrative Procedure 314

---

### Provision of Menstrual Products to Students

#### Background

The Board of Education of Prairie South Schools believes that students in Saskatchewan should have access to healthy and effective learning environments. The school system is expected to promote gender equality and create an inclusive learning experience. Lack of access to menstrual products can negatively impact students' school attendance and their social-emotional well-being. Providing all students with convenient access to free menstrual products helps to support their full participation in school activities, reduces stigma and promotes gender equality. The Board of Education of Prairie South Schools, in keeping with Ministry of Education Policy, will ensure that schools provide menstrual products to students of all gender identities and expressions using delivery methods that:

mental levels of the student population.

available to students of all gender identities or  
privacy.

baskets in a designated washroom and available

in designated washrooms.

l washrooms.

ool based on size of school in

tain and monitor stock and replenish as needed.

o cost to students:
